3D RIGGING & ANIMATION

3D ANIMATION EXPERIENCE

- *No Photography* - Did half of the 3D animation on award winning student film "No Photography"
- *Jabimation* - Worked as a freelance Character animator on many animated projects, including:
 - Xiidra: *What saved Ken Jeong's day*
 - Pokemon: *Never Be Lonely*
 - Paramount+: *Sir Patrick Stewart Throws a Hail Arnold | Super Bowl Spot*
- *BBB Creative* - Worked as a clean-up artist, Tweaking, polishing, and sometimes revising the animation in the project.
 - Cologuard: *Accomplishments*
- *Team Beep Boop* - Worked as a freelance character animator, making many animations for a game character's basic movements
- *Cyberverse Productions* - Originally brought on as layout artist, but evolved overtime to conform to many different roles such as animation supervisor

3D RIGGING EXPERIENCE

- *No Photography* - Did all of the 3D character rigging on award winning student film "No Photography". This includes making rigs for Blender and Autodesk Maya with the aid of Python scripts
- *Scripts* - Wrote scripts in python to aid in rigging, such as a rig to conform animation rig to basic biped rigs and a script to build an animation rig around a basic deform rig.
- *Skylost* - Made deform and animation rigs for creatures in student game, I then put the rigs in the Unity engine for ingame use.
